## Deploy in Kubernetes Cluster

Deploy on kubernets

The screenshot displays the 'mycluster-free' Kubernetes dashboard. The left sidebar contains navigation links for 'Overview', 'Worker nodes', 'Worker pools', and 'DevOps' (marked as 'New'). The main content area shows a table of worker nodes. The table has columns for 'Name', 'Status', 'Worker pool', 'Zone', 'Private IP', 'Public IP', and 'Version'. A single node is listed with ID '000000c9', status 'Deployed', and version '1.24.7\_1543'. The dashboard also includes a top bar with 'Clusters / mycluster-free', a progress indicator 'Preparing master, workers...', an expiration notice 'Expires in 30 days', and buttons for 'Add tags', 'Help', 'Kubernetes dashboard', and 'Actions...'. The bottom of the image shows a Windows taskbar with various application icons and a system clock indicating 10:20 AM on 11-11-2022.
